Dear friends:

I have just received your last two copies of N.B.C. news, and it sure does bring back old times, and old names.

It is really a comfort to read things that have happened in the past.

Not so long ago I have met my good friend Bill Henzler right here in Africa, and we have discussed the N.B.C. news together on some street corner in Cairo.

It may have been far from home but it felt like I was in my back yard again.

So now I want to thank Mr. Buehler, Dick and the rest of the staff that are putting over this wonderful paper.

Yours truly
Gutz

P.S. Hello Mety hope you see this.
Bill looks damn good.
