### THANKSGIVING DAY

SPONSORED BY

THE 1950's & 1960's ALUMS

THE DUCKMANNS & Starbucks

NBGC is very thankful for the continued support of NBC/NBGC Alums Ernie Chowanec, Pat Geraghty, Rich Schuster, Phil Haley, Joe Traubenik, Dennis Sharkey, Bill Sharkey, Terry Sharkey and Jack Sharkey for the amazing refreshments and help serving. This group played at NBGC in the 1950's and 60's and love being a part of the Thanksgiving Tradition! Also a big THANK YOU to Kuppie's Bakery in Villa Park, home of the best doughnuts in northern Illinois!

This year these Alums are coming together in memory of their team-mate Ernie Sardilli.

We also thank Wayne and Virginia Duckmann for co-sponsoring the event. Wayne and Virginia coached in the 1990's when their children, Wayne and Christine, were active members. They also own a local silk screening company, Ultimate Sports Apparel, and have been printing NBGC clothing for over 30 years.

The Coffee this year is sponsored by Starbucks at 4557 N. Lincoln Ave (Lincoln & Wilson).

## HAPPY THANKSGIVING!

The NBGC Staff & Leaders, Parent Club, Alumni and Board of Directors wish our Alumni, current members and families a HAPPY THANKSGIVING. We would also like to commend the coaches and players for the fine job and hard work they've put in since camps started this summer. We have seen a lot of exciting football and soccer and appreciate your team spirit, enthusiasm and sportsmanship. Thanks to the many parents who've been supportive, lining the fields to cheer for their sons and daughters.

Many thanks go out to the volunteers who are working to make this day a success, from the alumni officials to the parents and friends who are helping with the refreshments. Thanks to JR Roldan of the Chicago Park District for use of the fields.

Give a Big Cheer to The NBGC Cheerleaders for their enthusiasm and spirit! Have a great holiday!

**SENIOR SOCCER**  
**FIELD 1 8:00 AM**  
**WILDCATS, TWISTERS & ANGELS**

Ending the 2018 season for soccer will definitely be a memorable moment for all of the girls. The Senior League has always been intense with their determination, teamwork, and sportsmanship. Throughout the season the Senior girls have worked hard to get to this day—the final day to show off their skills as an individual and combined as a team. The **Wildcats** have dominated throughout the entire season and have become the champions of the league. Thanksgiving Day will be a promising matchup between the **Wildcats** and **Twisters**, both teams combined with **Angel** players. The **Wildcats** will be seeking to continue their winning feat with a few of the **Angels**, while the **Twisters** and combined **Angels** will seek to take them down—you can find this action on Field One at 8:00.

The **Wildcats** have had an eventful season. The **Wildcats** went the entire season undefeated, until the **Angels** took a big W against them this past Saturday. The team was led by captains **Lilly Cohen**, **Jaslene Chammas** and **Coach Christopher Hanig**. The team found the best formation being 3-2-1—having a mindset team that likes to play aggressive on offense. **Jocelyn Chammas** has been the ace of the team when it has come to being on the defensive end of the plays. For every game, **Jocelyn** has been able to clear the ball effortlessly and assist the team in moving the ball up the field. Thus, the team has found great success in forward passing to each other near the goal box; this is where majority of their goals come from due to the speediness of the team. **Lilly Cohen** and **Jaslene Chammas** have become the anchors for the team as their speed on offense has allowed them to get past defenders, combined with their dribbling skills, to score many goals. The best midfielders for the team have come down to be from **Emily Rue** and **Ava Kovacevich**—both girls were consistently ready to attack the ball. **Emily** and **Ava** were ruthless in their attacks towards the ball and did all they could to gain possession for their teammates. From the start of the season until now there has been a bunch of growth, and two players in particular, have come to mind for the most growth. The two players are **Laila Hollis** and **Katie Stein**. **Laila** has been pushed to her limits while playing goalie and has been a **key** factor with the success that the **Wildcats** have found throughout the season. **Katie** has been crucial on the striker side and has made many great assists and has gotten better with her passing. When it is not **Jocelyn** in the backfield, **Peyton Marrero** is another player that has become beneficial on the defensive side with not allowing strikers to get past her. **Peyton** has been relied upon to protect her backfield throughout the entire season and is an essential player into why they are currently seven wins and only one close loss. A memory the **Wildcats** will hold onto was when **Laila** made her first goal. This allowed the team to erupt in joy due to the fact of **Laila's** positive nature consistently on the team and her effort on the field. Overall, the **Wildcats** believe that they will take down the **Twisters** and few **Angels** on Thanksgiving Day due to their sheer speed. Playing great for the **Wildcats** were: **Jaslene Chammas**, **Jocelyn Chammas**, **Laila Hollis**, **Peyton Marrero**, **Lilly Cohen**, **Katie Stein**, **Ava Kovacevich**, and **Emily Rue**.

The only team to defeat the **Wildcats** was the **Angels**, led by **Coach Erik Perez**, **Lest Cervantes**, and **Captain Jenna Palumbo**. **Jenna** led the team as a top scorer when she was positioned as a striker. **Jenna Palumbo** made tricky shots throughout the entire season—one memorable one was when she was on the goal line and was able to curve it and make a goal out of it. Overall, the **Angels** found most of their success out of a kick and run gain. The **Angels** excel when it comes to possession and have good defensive players. **Jocelyn Santana** and **Alison Salinas** have had great saves when it came to defense and protected their side well. **Isabella Davila** has shown great growth over the season. **Isabella** is fearless when it comes down to chasing the ball down and getting it to her teammates. Wherever the ball is, you know **Isabella** will be close to it. **Alani Perez** and **Kayla Cervantes** have been other great players that the coaches can throw around in different positions and know that they will excel. **Alani** has become more aggressive when it comes to controlling the ball, and has a big boot to get the ball down the field. **Alani** is also very vocal and has led the team with communication. Furthermore, **Kayla** has improved her dribbling skills and have become one of the greatest strengths for the team. In sum, the **Angels** have had a successful, but will be splitting up for Thanksgiving Day. It will be a great matchup against their own teammates! It will be exciting to see how well the **Angels** work and how they will bring their skillset to take down the other team. Playing a great season for the **Angels** were: **Jenna Palumbo**, **Alani Perez**, **Jocelyn Santana**, **Kayla Cervantes**, **Isabella Davila**, and **Alison Salinas**.

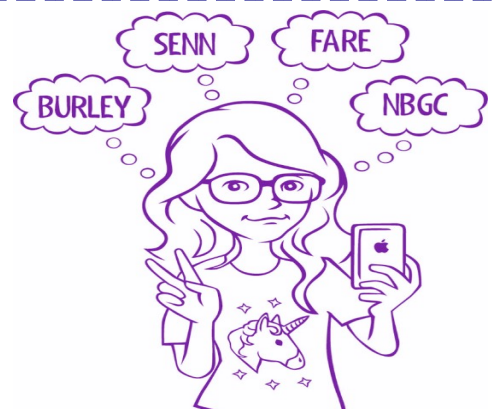

The final team of the Senior League was the **Twisters**. The **Twisters** were successful in this season but fell short, falling into second place. The **Twisters** typically used a 2-3-2 formation—being heavy with their midfielders and even with the defensive and striker side. Being goalie for most of the season was a switch off between **Brigitte Cueva** and **Mia Markovic**. **Mia** was aggressive with being the goalie and was never afraid to run out to the ball to trap it. **Brigitte** made many good saves and was able to make accurate passes up onto her teammates. **Serena Lee** and **Amanda Siefert** were the top scorers of the team and were able to work extremely well with one another. **Serena** and **Amanda** often found themselves playing midfield and communicated well with one another—when one was the striker, the other would fall back and only jump in when needed. Between the dribbling skills of both **Amanda** and **Serena**, they were able to get past defenders with ease throughout the season. Improving the most from the beginning was **Gigi Magoulis**. **Gigi** became more confident with her role on the team and was able to play any position with that was thrown her way. **Giselle Figueroa** was second to none when it came to her accuracy with passes to teammates up the field—being a strong asset to the team. Likewise, **Kylie O'Brien** was a key player well when it came down to attacking the ball and getting good passes onto her teammates; this allowed the team to spread the field and get many opportunities for shots on goal. Overall, the **Twisters** played a great season and played tough every single game. Playing for the **Twisters** were: **Kylie O'Brien**, **Giselle Figueroa**, **Amanda Siefert**, **Serena Lee**, **Brigitte Cueva**, **Gigi Magoulis**, and **Mia Markovic**.

**JUNIOR SOCCER**  
**FIELD 1 9:00 AM**  
**WILDCATS, TWISTERS & ANGELS**

It's that time of the season again –where all of the soccer players take the field for one last exciting game to showcase all of their skills. Throughout the season the children in the Junior League have improved their skills not only as individuals, but also as a team. This year there will be one game played for the three Junior teams: Angels, Twisters, and Wildcats at 9:00 am.

The **Angels** have been led by their dedicated coach, **Olivia Mulcahy**, and team captains **Josephine McCloskey** and **Kimberly Cuzco**. Throughout the season **Olivia** worked on communication and spreading out with her team. Due to having a small team they often had to play with the minimum number of players on the field, which led to their nickname of “Angel Sharks” because sharks are constantly moving –much like the players on the team. The Angels’ main goalies consisted of **Brielle Heitz** and **Kimberly Cuzco**. **Kimberly** would often communicate well with her defense and would frequently run up to the ball to send it back down field. As the season progressed **Brielle** got more comfortable in the goal and would occasionally challenge herself to punt the ball rather than throwing it to her teammates. Throughout the season the Angels had a strong defense to support their goalies, led by **Isabella Fensin**, **Nauddya Nichols**, and **Shahany Ortiz**. On any given game they could be seen hustling after the ball to launch it down field to their offense. In addition to having a determined defense, they had strong strikers of **Gisselle** and **Krshelle Orr** on offense to put pressure on the other team’s defense. **Josephine McCloskey** and **Adaeze Obinna** are key assets to the Angels’ offense as they are quick to get the ball down field as well as maneuvering through their opponents’ defense to score. Throughout the season the Angels have been persistent to play their very best at each game. **Coach Olivia** has expressed her favorite coaching moment as a game in which they had just enough girls to field a game, but that did not stop the girls from “playing hard with zero complaining and working together better than ever. I could really see all the endurance, skill progress, and maturity in each player.” She expects the girls to bring that level of spirit to the Turkey Bowl and play with all the “hustle and heart” that she has been praising them for all season. Playing hard for the Angels all season long are **Kimberly Cuzco**, **Isabelle Fensin**, **Brielle Heitz**, **Josephine McCloskey**, **Nauddya Nichols**, **Adaeze Obinna**, **Gisselle Orr**, **Krshelle Orr**, and **Shahany Ortiz**.

The **Twisters** have been led by a phenomenal coaching trio of **Dave Goss**, **David Hensler** and **Chris Carter**. Meanwhile, on the field the players were led by team captains **Shelby Goss** and **Maggie Larson**. Together, their love for soccer translated in their coaching as they worked one on one with their new players to instill the same love for the sport. Their style of play that they found the most successful was passing, communicating, and spreading out; they often had a triangular formation so there was always a player bringing up the play and players open on the sides ready to receive a pass. As a league director, it has been heartwarming to see the experienced players, that have been playing NBGC soccer for years, help out the newer ones by giving them tips and tricks both during games and practices. Throughout the season the Twisters utilized a 2 defender -2 midfielder – 1 striker formation as they found that it was beneficial to have a striker stay farther up the field than everyone else allowing for them to be there to take the ball down field. **Shelby Goss** is described as one of the best strikers and fastest players on the team with incredible ball control, which continued to be improved throughout the season. Her shots on goal are powerful, direct, and focused, although she is a strong striker, she also includes the rest of her teammates by setting them up for shots on goal. Supporting **Shelby** on offense are **Cassidy Carter** and **Lucy Paskiewicz** as midfielders. On any given game they are great at hustling after the ball and never running out of steam, they execute flawless passes through spreading out and communicating with each other. Furthermore, they display positive attitudes, high levels of enthusiasm and are very supportive of their teammates. Further supporting the Twisters offense is **Mia Hensler**, and **Bebhinn Ryan** with their amazing footwork to steal the ball from their opponents. The girls are always getting open and making themselves open for passes. Their defense led by **Meghan Silva**, **Daniella Sosa**, and **Ashlynn Sammons** are fearless, powerful, and strategic when passing the ball up field to their teammates. **Coach Goss** expresses that **Daniella** and **Meghan** showed the most improvement as neither of them had ever played soccer before and both struggled to dribble the ball when they first started. However, with positive attitudes and a drive to learn by the end of the season **Daniella** was able to kick the ball back to either **Coach David** or **Coach Dave** on a volley, and **Meghan** was able to master dribbling with the inside part of her foot. **Coach Dave** says, “Both girls have developed a new love for the sport, and hopes they keep it” as an avid soccer fan “Seeing their growth throughout the season makes me happy.” The Twisters’ goalie rotation is made up of **Hannah Richter**, **Emerson Szott**, and **Maggie Larson**. Their goalies were forces to be reckoned with as they were fearless and consistently used their body to make incredible saves. **Maggie** in particular is an incredible defender and goalie, per her coaches “She has the drive, determination, and the leadership qualities a goalie needs.” The first time **Maggie** played goalie (after being bribed with a Reese’s Peanut Butter Cup) she had many fantastic saves! The attempted shots on net were quickly rebounded, however, without batting an eye **Maggie** was completely fearless and threw her entire body over the ball to save her team from being scored on. After this game she fell in love with playing goalie, and **Dave Goss** was in awe of the potential she showed in the position. **Hannah** and **Emerson** would follow in **Maggie’s** lead and opt for a “better out than a goal” approach when playing goalie and defense. When asked to describe their favorite memory from the season **Coach Goss** expressed “Particularly enjoying this season due to **Coach David Hensler’s** great ideas and attitude, in addition to the girls drive to learn new skills and techniques.” His most memorable play was one done by his own daughter, **Shelby**, when she took a penalty kick. The defenders of the other team formed a wall, per usual, but her flawless accuracy was key in chipping the ball over their heads to score in the upper corner of the goal. The Twisters coaches expect the girls to bring the same level of teamwork and inspiring sportsmanship that they have showcased throughout the season. Playing for the Twisters is **Cassidy Carter**, **Shelby Goss**, **Mia Hensler**, **Maggie Larson**, **Hannah Richter**, **Bebhinn Ryan**, **Ashlynn Sammons**, **Meghan Silva**, **Daniella Sosa**, **Emerson Szott**, and **Lucy Paskiewicz**.

Last but certainly not least the **Wildcats** have been led by **Coach John Logan**. This season the **Wildcats** had a near undefeated record with 7 wins, 0 losses, and 1 tie. The **Wildcats** had a strong defensive team made up of **Mia Dell Isola**, **Lili Petty** and **Dylan Harris**. The girls have incredible footwork to consistently steal the ball from their opponents and send it down field to their eagerly awaiting offense. Also making up their defense are their goalies of **Jo Weiss** and **Kyla Logan**. Their goalies are always ready to stop the ball and launch it down the field. Their goalies are fearless and do not hesitate to dive after the ball to keep their opponents from scoring. The **Wildcats’** main strikers are the dynamic duo of **Skylar** and **Alexa Shelist**. Their incredible footwork and speed is what makes them unstoppable when they are in possession of the ball. Supporting the **Wildcats’** stealthy offense is **Annie Glenn** and **Sebina Ritte**. Both girls did an incredible job staying open and communicating with their teammates to help out in any way possible. The **Wildcats** have worked incredibly hard this season to grow their skills and support one another on the field. Playing for the **Wildcats** is **Mia Dell Isola**, **Annie Glenn**, **Dylan Harris**, **Kyla Logan**, **Lili Petty**, **Sebina Ritte**, **Alexa** and **Skylar Shelist**, and **Johanna Weiss**.

### **NBGC Mission Statement**

The Neighborhood Boys & Girls Club is a non-profit independent organization founded in 1931 dedicated to youth development. Our mission is to enhance the well-being and develop the potential of our members, their families and the community.

### **Vision**

To build better men and women. We believe these qualities build better men and women who carry these values into their adult lives.

### **Value**

It's time to put the cleats away and fold away the jerseys because the time has come to say goodbye to the 2018 soccer season! The Pebble league has worked hard this season to step on the field one last time on Thanksgiving Day. This season there will be an exciting match-up for all to enjoy, the **Angels** will team up with **Pumas** while the **Aliens** will team up with the **Twisters**. Every Pebble girl should be proud of themselves, throughout the season every player has improved and became a better player and teammate through communication and teamwork. These two sets of combined teams will faceoff one last time of the season and you will be able to watch this on **Thanksgiving Day at 10:00 am**.

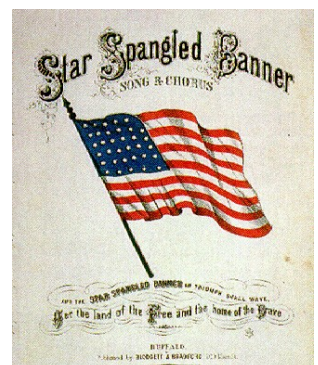

The **Aliens** and **Twisters** have had an outstanding season this year, which makes them an ideal team for the Turkey Bowl game! Leading the **Aliens** to an amazing season was **Eric Abramovitz**, **Eric Golden** and **Chris Pierce**. Motivating words and shouts of encouragement were always heard from them, pumping up the players. The **Twisters** had **Dan Sullivan** and **John Epperson** as coaches for their phenomenal season. Each coach made the girls excited to play, even through the sweat, snow, mud, and tears. The **Twisters** implemented a 1-1-2-2 formation throughout the season, with a sweeper, defender, two midfielders and two offense. According to **Coach Dan** the formation they used, "helps make sure we do not abandon the keeper." The **Aliens** followed the triangle and diamond formation for offense and used zones, or one on one, for defense. The **Twisters** had stellar defense this season, which was heavily depended on, but made them very successful. Towards the end of the season the girls worked on maintaining possession, but relied on counter attacks to get their offense moving. The **Aliens** worked very well and were successful with using "kick and run" as their style of play. The **Twisters'** aforementioned "stellar defense" featured **Maya Wunder**, **Claire Kirkland**, **Lila Epperson** and **Carmen Jaffe**. It was very hard for any opponent get past this defensive team. **Maya** was always seen kicking the ball out of bounds to keep the ball away from the other team. **Claire** put pressure on the other team by attacking the ball when it came her way. **Lila** and **Carmen** also had strong kicks to clear the ball down the field to their teammates. The **Aliens'** best defenders included **Gwen Pierce**, **Sofie Golden**, **Stella Winborn**, and **Ava Conklin**. **Gwen** brought the energy to the field and was quick to kick the balls away. **Stella** and **Ava** had smart plays and were aware of their surroundings when the ball came their way. As for **Sofie**, **Coach Eric** said, "inside of **Sofie** lurks a soccer player who is six feet and weighs two hundred pounds. When she lets her inner monster out, LOOK OUT!" Throughout the season the **Twisters** depended a lot on **Hina Sgariglia** and **Annabel Gustafson** to get the ball moving in their favor. As their coach said, "**Hina** had a very strong leg and learned how to maintain control over her body and the ball. **Annabel** is very fast and hustles more than anyone on the team, she'd win every foot race all season." These two make a great duo intensify every game. Always behind this duo were **Juliana Davila** and **Grace Sullivan**. **Juliana** was always seen following the ball and maintaining possession well in traffic. **Grace** was aggressive and is willing to hustle for the ball every chance she gets. The **Aliens** on the other hand have **Sophia Winborn**, **Olivia Rosario**, and **Ella Pierce** as their secret weapon on offense with their quick speed and amazing drives to the net. **Sophia** was always one with the ball and knew how to get past defenders. **Olivia** was exceptionally fast and was always ready to take a shot. **Ella** knew how to position herself and was always by the net ready for a pass. Offense and defense are crucial in every game but we can't forget the goalies! On the **Aliens**, **Izzy "Stonewall" Abramovitz** was a rock star in the net. **Coach Eric/Dad** said one of his fondest memories was when, "She got hit in the face, really hard, but then got up and dusted herself off and proceeded to shut out the other team." **Renee O'Brien** also was a spectacular goalie for the **Aliens** and was never afraid to go for the ball and make incredible saves to keep her team on top. The **Twisters** were not alone when it came to extraordinary goalies, **Lillian Freda** and **Lauren Robinson** "Became excellent goalkeepers over the course of the season," they were always on their toes and were quick to clear the ball with a "bowling style throw," per **Coach Dan**. Every player this season improved in some way, whether it was their dribbling, communication, or passing. From the **Aliens**, **Emma Calderon** was shy of the ball in the beginning of the season, as the season progressed she became more involved in the plays by attacking the ball more frequently. At the last regular season game **Emma** scored a phenomenal goal that shows how far she has come. Likewise, on the **Twisters**, **Elsie Epperson** became more aggressive with the season..Both teams expect to take home one final win on Thanksgiving Day due to their hard work all season long, and look forward to playing their best! But as **Coach Dan** expressed, "everyone's a winner on Thanksgiving!" Playing for the **Aliens** this season was **Emma Calderon**, **Olivia Rosario**, **Renee O'Brien**, **Sofie Golden**, **Gwen Pierce**, **Ella Pierce**, **Isabella Abramovitz**, **Ava Conklin** **Stella Winborn** and **Sophia Winborn**. Playing for the **Twisters** this season was **Grace Sullivan**, **Elsie Epperson**, **Lila Epperson**, **Claire Kirkland**, **Hina Sgariglia**, **Maya Wunder**, **Carmen Jaffe**, **Annebel Gustafson**, **Juliana Davila**, **Lauren Robinson**, and **Lillian Freda**.

The **Angels** and **Pumas** match-up will be one for the books as they attempt to overtake the **Aliens** and the **Twisters**. Leading the **Angels** to a phenomenal season was **Jon Paskiewicz** and **Jaime Willett**. Leading the **Pumas** to a fantastic season was **Sally Roach** and **Dan Shey**. All the coaches encouraged their team to play their best at each game. The **Angels** kept their 2-2-2 formation the entire season while the **Pumas** stuck with a 1-1-2-2. Both teams worked very well communicating with each other and by the end of the season had great positioning. The **Angels** had a great this season that involved them constantly pushing up the field and having great teamwork. Featured on the **Angels** offense was **Rylee Cusick**, **Isabella, Chapin**, and **Victoria Chapin**. **Rylee** was always seen getting close to the net ready for a shot. **Victoria** and **Isabella** did a great job attacking the ball and dribbling up the field with their speed. The **Pumas** offense of **Alice Milton**, **Kate Stephens**, and **Grace Del Pietro** was great at striking and getting past defenders. **Alice** made great passes to her teammates which allowed her team to spread across the pitch. Moreover, **Kate** was always seen hustling to the ball and making great passes to **Grace** which allowed for many shots on goal. The **Angels** defense was second to none when it came to **Janellie Martinez** and **Hannah Paskiewicz** guarding their side of the field, due to their aggressiveness to go after the ball. Likewise, the **Pumas** had great defense when **Cate Roach** and **Ruby Larson** stepped onto the field with their strong kicks and ability to read the field. **Molly Mendez** and **Freya Christianson** were the **Angels** secret weapons, both girls did an amazing job putting pressure on the other teams and had many great steals throughout the season. On the **Pumas**, the dynamic duo of **Molly Milanowski** and **Zoe Shey** were continuously hustling to the ball and were seen making great plays on the field. **Greta Gartland** and **Kate Carter** were key players for the **Angels**; both girls were ready to play any position on the field, making them extremely versatile. When **Mona Willett** was in the striker position for the **Angels** she was able to get many shots on goal from her energetic nature and constantly keeping her eye on the ball. The **Pumas** had **Valerie Poehlman** who was accurate when making passes to her teammates, many great plays stemmed from this style! Overall the **Pumas** and **Angels** are more than ready to take on the **Aliens** and **Twisters**. As coach **Jon** said, "If we win, great. If not, we still get hot chocolate and donuts!" Playing for the **Angels** this season was, **Hannah Paskiewicz**, **Victoria Chapin**, **Isabella Chapin**, **Rylee Cusick**, **Greta Gartland**, **Molly Mendez**, **Kathryn Carter**, **Freya Christianson**, **Mona Willett**, and **Janellie Martinez**. Playing for the **Pumas** this season was **Evelyn Murray**, **Cate Roach**, **Zoe Shey**, **Ruby Larson**, **Grace Del Pietro**, **Molly Milanowski**, **Alice Milton**, **Valerie Poehlmann**, and **Kate Stephens**.

I would especially like to thank the girls for making my first season as a league director one of the best experiences I have had at the NBGC! I am very grateful for this opportunity and cannot wait for the upcoming seasons!

**ANGELS & TWISTERS**

Thanksgiving Day concludes the Daisy 2018 soccer season. The girls have done an amazing job throughout the season and have shown how much they have grown. Each of the girls have worked with their coaches and teammates and have formed many bonds and new friendships. This year the four Daisy teams will come together to form two team. The Pumas and Wildcats will go head-to-head against the Twisters and Angels for an exciting game to finish off the season. We look forward to seeing everyone on Field 3 at 10:00 am!

The Wildcats have had an incredibly successful season, and all of their hard work proves it! Throughout the season, each of the girls have been eager to work on their skills and grow with their teammates. With the help from their coaches, the Wildcats have been able to execute many creative plays. Zoe Warmbir and Taylor Cusick were the key offensive players for the Wildcats. Both of the girls took any chance they could to try and get the ball into their opponents' net. Kate Klucznik was the main striker for her team and used her powerful kicks to her advantage. She was always highly motivated to hustle hard but kick harder! McKenna Duffy and Caroline Zakaras were the teams' go-to goalies and were always eager to block any incoming shots the other teams tried to take. The team focused on passing and shooting, and all of their practice has shown through! As far as defense goes, Anna Barker and Margot Lewis have just what it takes to be the best defenders their team has. Both girls were able to clear the ball more than halfway down the field with a single kick! The Wildcats are ready for whatever the Angels and Twisters have to offer for the Turkey Bowl! Head Coach Sean Duffy, and assistant coaches Rick Milton and Steve Thorn helped to lead the Wildcats throughout the soccer season. Playing for the Wildcats this season were: Anna Barker, Devin Burke, Taylor Cusick, Poppy De'Ath, Isla Eggering, Kate Klucznik, Margot Lewis, Maddie Thorn, Caroline Zakaras, Chloe Milton, McKenna Duffy, and Zoe Warmbir.

The Pumas were led by Head Coach Freddie Koning, and assistant coaches Josh Ries and Ryan McDaniel. Making up the Pumas team this year were: Hayden Gomez-Duet, Poppy Koning, Beatrice McDaniel, Emma Ries, Sarah Rene, Rory Pekkarinen, Emme Stephens, Hadley Birschbach, Ava Uting, and Jazmin Santana. The Pumas stuck with the 2-2-2 formation this season, and it has proven to be the most successful. Hayden Gomez-Duet and Sarah Rene were the Pumas tag team when it came down to the offensive players. They both did an amazing job spreading out to maximize their chances for a pass from their teammates. Hayden and Sarah also became more aggressive and aren't afraid to go after the ball. Ava Uting was the Pumas go-to midfielder. Ava never gave up on any challenge that she faced, no matter how difficult it might be! Rory Pekkarinen worked hard throughout the season to perfect the goalie position, and by the end of the season she was unstoppable. Rory made numerous saves and was determined to never let the ball get past her! Poppy Koning was a versatile player for the Pumas and was eager to play any position Coach Freddie gave her. The Pumas always practiced hard and never gave up, radiating their positive energy to everyone around them.

Coach Michael Fields did an excellent job working with the Twisters. The Twisters players included Rachel Becker, Violet Cressler, Elsa Galster, Mila Golden, Lily Pellmann, Gwen Rathsam, Maxine Fields, Laila Khan, Isabella Stiles, Sally Morrison, Sofia Duffy, and Imani Navaeh Alvel. The Twisters worked hard all season to make sure everyone had a chance to play every position. The girls have also shown exceptional teamwork and have displayed great sportsmanship. You could always find Lily Pellmann dancing her way around the field, enjoying every moment of the game. Mila Golden played defense for the Twisters, and she was fierce when it came to clearing the ball down the field. Mila was also never afraid to get a little muddy when the weather conditions weren't the best! Imani Navaeh Alvel was the main midfielder for the Twisters, as she was determined to go after the ball any chance she could. Imani used her quick feet and played strong from the first whistle to the last! Isabella Stiles never gave up on following the ball to the other teams' goal and was always ready to take a shot at their goal. Throughout the season, the Twisters have grown and developed their skills with the help of Coach Mike. The Twisters were always determined to have fun at each game and enjoy their time on the field.

The Angels were led by Head Coach Jamie Willett and assistant coach Jon Paskiewicz. Joining the Angels team this season was Lucy Hinton, Sadie Willett, Isabella Bohlen, Katherine Johns, Prema Krodell, Maggie Carter, Julia Paskiewicz, Alexandra Knowles, Tessa Sammons, Ameli Perez, Aneli Perez, and Jada Marshall. The Angels are a strong-willed team and have shown their determination to improve on their skills with every game they played. Katherine Johns was the Angels main goal keeper, and she was fearless when it came down to saving the ball from going into her teams' net! Ameli and Aneli Perez were the Angels dynamic duo on offense. The girls were always competitive with one another and worked together to track down the ball. Ameli and Aneli improved on making sure they passed the ball to their teammates. The Angels were all a big ball of energy at every game they played. Julia Paskiewicz was an exceptional defensive player, never afraid to get in front of her opponents to try and steal the ball from them. The Angels have all showed their determination to become better players, both on and off the field.

The Turkey Bowl signifies the end of another amazing soccer season for the Daisy League. That being said, I wanted to thank all of the parents, coaches, and of course all of the girls for making these past few months memorable! Getting to know all of the girls and watch them grow, whether they have played sports with me in the past or this was their first season, has been one of the best parts of being the Daisy League Director.

# NBGC STAFF, LEADERS & BOARD MEMBERS!

The special group who really makes this Club work - makes all activities possible - is the NBGC Staff and Leaders. They officiate your games the best they can, like you play the best you can. They keep score, teach at practices and camps, try to keep your attitude a positive one and look for ways to help you play and get along better. Whether you are a member, coach or parent, you know that there is always someone here for you to talk to, bounce your ideas off of or go to when you need to get something off of your chest. **Without these dedicated teens and young adults there would not be an NBGC!** They are here for you and your parents every day.

Our Teens deserve the biggest "THANK YOU". Their job is difficult and sometimes under-appreciated. They handle themselves with poise and confidence, realizing that their work is appreciated when the kids grow up. Thank you to:

The Tribe league will have the much-anticipated matchup of the Bees and Locusts taking on the Spartans.

The Spartans have a roster full of talent that defenses have had a hard time containing all year. The offense starts with quarterbacks **Michael Barretto** and **Darwin Garcia**. Both players bring their own style to the position and are also threats to catch passes when they are not in the backfield. The primary receiver for the Spartans is **Malakai Tintas** as he has been clutch at high pointing balls and making contested catches. In the middle of the field **Kayin Timble** does not hesitate to take advantage of off coverage and is a legitimate threat from the center position. On defense **Xavier Montanez** has been big in containing the run game while **Owen Paskiewicz** has had a great year in coverage on the outside. **Angel Hernandez** has also made some big plays in the secondary while **Luisangel Ortiz** has pressured opposing quarterbacks into bad decisions.

The Bees like to spread the field on offense and excel when they air out the ball. **Jett Reese** coordinates the offense at quarterback and always hits his receivers with accurate passes. **Gregory Alegria** is always a threat near the endzone from the center position. **Alex Lagges** is the vertical threat on the offense as he can stretch a defense at any moment. All that space opens opportunities for **Evan Gould** to get open in the middle of the field. On defense Prince Stokes patrols the middle of the field and is the team's lockdown corner. **Dylan Gould** and **John Marsey** are always around the ball and excel in stopping the run game and keeping the play in front of them.

The Locusts are a balanced team that looks to attack in different ways. **Noah Kharouf** runs the offense under center and excels at extending the play and avoiding the rush. All that extra time allows **Marcello Ledesma** to find open space and give his quarterback an easy throw. Out of the backfield **Kade Kielnik** has showcased several shifty moves to make the defense miss and gain yards. **Xavier Torres** has big play ability and has consistently come up clutch in big moments when his team needs him. Meanwhile the defense is led by a great pass rush from **Max Pydych**. That rush creates opportunities for **Noah Han** and **Andrew Zendejas** to make plays in the secondary. In the run game **Evan Lutz** excels at keeping the play in front of him and containing big plays. The Locusts can hurt a team in many ways and they will merge well with the Bees.

This looks like a marquee matchup and will be an exciting game from start to finish.

## Thank You to Our Volunteers!

There are many things to be grateful for this time of year. One of the greatest resources for the Neighborhood Boys & Girls Club is the many people who throughout the year volunteer their time, energy and skill to make the organization a true success. Consider the many fundraisers the NBGC holds to support the programs for the youth. We have the **Golf Outing, Bears Bash, Ham Sales, Holiday Tree Sale, Scholarship Fundraiser and others**. How do these events happen? It is all thanks to our volunteers. They are a dedicated group of alumni, parents, neighbors, friends, teens and youth all brought together by one common thread - the Neighborhood Boys and Girls Club. To all who have volunteered on an event, preparing mailings, cleaning, running errands, or anything else that has helped the organization succeed--

WE THANK YOU FOR MAKING  
THE CLUB A BETTER PLACE!

For our annual Thanksgiving classic, the prep league will have the Bees and Locusts taking on the Cougars and Eagles in a game that will not have a shortage of talent. With this matchup both teams will be a threat through the air as both quarterbacks will not have a shortage of options to throw to. Despite the cold weather this looks to be a high scoring game.

**PREP FLAG FOOTBALL**  
**FIELD 3 8:00 AM**  
**BEES & LOCUSTS**  
**VS**  
**COUGARS & EAGLES**

The Bees bring an offense with great play design and players that execute well. The Bees offense runs through **Andrew Meyers** as he orchestrates the offense under center. His commitment to play fakes and pinpoint accuracy make him a perfect fit in the offense. **Conor Gibbs** has been the primary benefactor in the offense as he has a nose for the endzone. His most successful play has been the fake screen which has opened him up for long gains. **Teddy Walsh** has a knack for getting open and running crisp routes and **Teddy Flynn** has been unstoppable in making contested catches. All those weapons on the outside create tons of opportunities for **Ricard Barron** and **Maximiliano Ramirez** over the middle. Both have made huge catches and are big threats when the offense nears the endzone. The Bees have an explosive air attack, but they can also gash a team on the ground. **Parker Tracey** has had some explosive runs which sets up other players like **Henry Schetz** to take advantage of the extra space on offense in the passing game. The Bees also like to keep the pressure on the opposing team as they like to go for two on extra points. On defense the Bees rely on a quick pass rush from **Mateo Poeliniz** and **Elijah Williams**. Both players have made life hard for opposing quarterbacks as they force them to get rid of the ball quick. That pressure has created a lot of turnovers for the Bees and with their offense they usually turn those mistakes into points.

The Locusts will further add to the Bees passing attack as they like to spread the field and air it out. **Sampson Neyman** conducts the offense at quarterback and is just as deadly throwing on the run as he is in the pocket. His ability to roll out and still hit his receiver in stride is second to none. **Foster Van Vliet** has been one of his favorite targets this season as they have connected on multiple big plays. **Jackson Greer** and **Jesus Martinez** bring balance to the offense as they make plays in the short and intermediate passing game. On defense the pass rush revolves around **Cash Reese** as he pressures the quarterback and keeps him from extending plays. **Peter Zuvich** and **Liam Alegria** are the ball hawks on the defense and have multiple pick-sixes on the season. **Max Cameron** contains the opposing offense and keeps the play in front of him which allows his teammates like **Aidan Kaplan** and **Kiran Mishra** to fly to the ball and swarm the ballcarrier. The Locusts are a disciplined team that take advantage of their opponent's mistakes.

The Eagles offense is balanced with both the run and pass and operates best with misdirection plays. **Nathan Adams** is the team's quarterback and works best in the hurry up offense as he has a great feel for calling plays on the fly. **Jayden Torres** is a threat out of the backfield as he anchors the run game and can get the edge on the defense. That edge speed sets up the reverse to **Nathan Olszewski** to make the defense pay for over pursuing. In the passing game **Jack Schaffrath** consistently finds open space and **Beamish Ryan** has reliable hands to secure passes in his direction. Weapons on the outside open a lot of opportunities for **Frederick Garcia** and **Demetrius Monroy** over the middle. On defense **Cesar Vazquez** and his brother **Damani Vazquez** both lock down their matchups while **Lucas Schaffrath** ties up the run game to create a formidable defense. The Eagles bring a balanced attack and a defense that swarms the ball.

The Cougars bring an electric running attack that can get the corner on any defense. **Charlie Jace Logan-Reynolds** is the big play threat as he can score from anywhere on the field as he can make multiple defenders miss. **Anthony Cruz** heads the offense at quarterback and often finds **Jonathan Nelson** to keep the defense back to defend the pass. **Dillon Curry** is also a threat to catch a pass from the center position. Just when the defense thinks they know what the Cougars are doing they like to mix it up and catch the defense off guard with some sweeps and reverses to **Gabriel Brooks** and **Steven Rene**. On defense the Cougars rely on lock down coverage from **Smith Beeson** and **Jayden Davis** on the outside while **Adam Mankowski** and **Ryan Stanley** both offer great support in the run game. Overall the Cougars rely on their running backs to control the game and set up big plays.

All these teams bring their own style to complement the other which will add up to a fun and competitive game.

After a season of practice and dedication the Cadet teams are ready to face each other for one last extremely anticipated game! This year there will be two games played, starting off the day will be an intense game between the **Vikings** and the **Spartans** at **8:00**. Followed by a duo of the **Locust** and **Bees** against the **Cougars** at **9:00**.

## CADET FLAG FOOTBALL FIELD 2 8:00 AM VIKINGS VS SPARTANS

### Vikings vs Spartans

The **Vikings** have an amazingly balanced offense of running and passing. **Michael Gardner** is an amazing halfback and receiver that once he finds an open lane, players are not able to catch him because of his fast speed. **Clayton Balch** is able to go into herds of defense and make one move, once he makes that move he is gone and in the end zone. Their downhill runners that love to run straight down the field are **Logan Lopez, Jack Paulsen** and **Vincent Barajas**. This team loves to work under center and hit the edge over and over again. **Clayton Balch** is the main quarterback and is able to get the football to every player on his team with ease. Their offense normally works in rotations, so the main snappers are **Matthew Barron** and **Giovanni Poirier**. Their defense is led by the effective rushing of **William Pearson** and his ability to come in and disrupt a pass during a passing play. As well as consistently being the first player to get to the carrier during running plays. Even if he is not able to grab their flags there is always **Joshua Fortner** to get the job done. They have beat the **Spartans** in the past games throughout the season, so they are all coming in with a sense of confidence. Playing for coach **Randy Balch** throughout the season was **Joshua Fortner, Michael Gardner, Matthew Barron, Giovanni Poirier, William Pearson, Clayton Balch, Logan Lopez, Vincent Barajas** and **Jack Paulsen**.

The **Spartans** have a lot of components to their offense that makes them a force to be reckoned with. They have a great run game and equally as great passing game. **Malachi Ramyyeh** and **Orlando Bohlen** are great runners that are extremely fast and does not have to be in the open. They usually love to make a move to get into the open. **Abel Pineda** and **Eduardo Salinas** are more of the up and down, really speedy runners that will attack a lane and will not be caught when they find open space. **Ethan Lebron** steps up every game to be quarterback and proves himself to be a key asset with great decision-making and accuracy when passing the ball down field. This team has tried to operate in the shotgun, but has found their success under center and running reverse plays to fake out the defenses. The **Spartans'** defense is relentless and led by **Nathan Alvarez**, who is determined to do whatever he can to stay in front of the ball. The relentlessness has proven to be infectious. With their "swarm the ball" defense, the key roles in that defensive philosophy are **Julian Ayala, Luis Cuzco** and **Darren Rodriguez**. With the **Spartans'** strong defense and **Vikings'** strategic offense, this game is a promising match-up. On the **Spartans** are **Julian Ayala, Eduardo Salinas, Luis Cuzco, Darren Rodriguez, Ethan Lebron, Nathan Alvarez, Abel Pineda, Orlando Bohlen** and **Malachi Ramyyeh**.

## CADET FLAG FOOTBALL FIELD 2 9:00 AM COUGARS VS LOCUSTS & BEES

**Pieper** can run down his opponents and stop them from gaining too much yardage. **Thomas Ports** usually sets up on the rush and many times stops the play before it even begins. **Tyler Samonds** and **Elijah Howard** create turnovers for their team getting the ball back and creating great field position. The team has many great parts but a main one is the receiver **Noah Carpenter** who can catch and run the ball. The **Cougars** are always an explosive team always making big plays and showing that their team is a force to reckon with. Playing for the **Cougars** during the season was **Brooks Beason, Jackson Pearson, Joseph Zanayed, Tommy Eskew, Jake Siefert, Lukas Pieper, Thomas Ports, Tyler Samonds, Elijah Howard,** and **Noah Carpenter**.

The **Locusts** look to add speed and running ability to the offense and play stopping to the defense. **Andrew Kraman** is the primary quarterback for the offense and sets the tempo of each play. **Henry Fee** and **Auggie Escudier** are the runners for the team who move the ball up the field gaining yards. On defense **Paul Goskie** and **Thomas Huge** are always determined to stop the plays and halt the offense's progress. **Miles McDaniel** is another quick player to rush in and disrupt the play in motion. **Juan Gonzalez** and **Nathan Dede** have great hand-eye coordination to catch the ball and quickly turn it up field for a gain of yards. **Thomas Hawkins** is another key asset on the team who is able to get around the defense. When he is in possession of the ball, he is quick to turn it into a gain of yards, giving his team better field placement. The **Locusts** are always full of surprises and continuously make great plays, which makes them a great complement to the **Bess** who can run both a strong defense and offense. **Max Grote** and **Gabe Timberlake** are the quarterbacks for the team moving the ball down the field and getting the ball to the running back and wide receivers. **TJ Goodin** and **Bode Bellei** are the runners for the team always being quick to gain yards. The **Ghattas** brothers, both **Gordon** and **Nicholas** are the wide receivers that are able to get the ball and move the ball for yardage. On defense the **Bees** are a force to be reckoned with, led by **Harry Walker** and **George McKerr**. Who are the most determined stoppers shutting down the offense, every play. The **Bees** will bring many skills and techniques to **Locusts** talented team to help them overcome the **Cougars**. Playing for the **Locusts** during the season was **Juan Gonzalez, Andrew Kraman, Henry Fee, Auggie Escudier, Nathan Dede, Paul Goskie, Thomas Hawkins, Miles McDaniel, Jake Ries, and Thomas Huge**. Playing for the **Bees** was **Gordon Ghattas, Nicholas Ghattas, TJ Goodin, Max Grote, Harry Walker, George McKerr, Gabe Timberlake, and Bode Bellei**.

### Locust & Bees vs Cougars

The next game of the day stars a duo of the **Bees** and **Locust** against the **Cougars**. The **Cougars** have many great players who can all impact the game in one way or another. Their offense is led by **Brooks Beason** and **Jackson Pearson** who can play quarterback and move the ball downfield quick. Both **Joseph Zanayed** and **Tommy Eskew** take advantage of their running abilities to gain yards for their teams and move the ball forward on each run play. The **Cougars** are really a triple threat when playing because they can run, pass, and stop the other teams' offensive movement. On defense **Jake Siefert** and **Lukas**

## *NBGC FALL COACHES!*

One of the most important pieces of a team is the coaching staff. They are the guiding force, the ones who provide Leadership and Discipline. They are asked to teach, in their coaching and example, the very ideals upon which NBGC was founded in 1931 - hard work, discipline, fairness and loyalty. Thanks to this special group we should all be grateful for the time and effort of the coaches, doing their best for every single member of the team. The attitude of fair play and sportsmanship is one which should be carried onto the field by every player. As adults we can only hope that the atmosphere we have tried to create at NBGC will stay with them once they leave our fields.

The Discovery League was different than years passed this season. The teams were formed during before the game started—which allowed the players to play with new players each game. By the end of the season all of the kids went from teammates to great friends. I would like to thank Coach **Johnston**, Coach **Novak**, Coach **Byerly**, and Coach **Roach** for all of their dedicated work with the youth. The kids have improved drastically from the beginning of the season, and it was great to witness all the success they have made.

During the season all of the kids enjoyed playing both on offense and defense. Most of the offensive plays came from a single back formation. During the first few games of the season the kids ran simple plays such as handoffs, running up the middle, or to the outside. **Nathan Byerly** was quick at running straight up the middle with the football on handoff plays—this allowed for many conversions. **Gino Porrier** along with **Jack Smith** enjoyed running to the sides when they got the ball and pressured the defense. As the season progressed, kids started running more and began to do more creative plays. **Nicholas Clark** had great catches this season. **Nicholas'** deep catches helped during the last game of the season where he was able to convert a first down! **Timothy Roach** was great at quarterback for his team. Timothy had great touchdown passes to **Tommy Gable**. They were both a great offensive duo. Another amazing offensive duo came from the quick feet of **Jayden Marshall** and **Lukas Perez-Castillo**.

On defense is where everyone had an amazing time. **Rudy Hernandez** was on fire, he was able to stop many players and had blocked passes throughout each game. **Danny Novak** and teammate **Xander Moss** were a great duo on defense for their team. Together they got many flags and they were always ready to rush they quarterback. **Jayden Marshall** was an excellent rusher on defense. When Jayden was rushing, he was always quick in reaching the quarterback. All season long it was **Foster Johnston** who was awesome when playing safety, he always knew which way the play was going which allowed him to pull flags.

Playing in the Discovery League this season was **Lukas Perez-Castillo**, **Jayden Marshall**, **Nathan Byerly**, **Nicholas Clark**, **Tommy Gable**, **Rudy Hernandez**, **Foster Johnston**, **Xander Moss**, **Danny Novak**, **Timothy Roach**, **Jack Smith**, and **Gino Porrier**.

## NBGC AFTER SCHOOL SAYS THANKS!

Hello and Happy Thanksgiving to all of our wonderful families. We hope that you have a great holiday weekend as we fill our bellies with food and our hearts with all of the love of our friends and families. This year started off with many

familiar faces and a few new ones. We are so happy that our programs continue to grow here at NBGC. Some of the new faces we would like to give a warmed welcome to are, Jack Gillespie, Arisara Sreewichai, Roxy Bailenson, Benji Castaneda, Jayden Castaneda, Pedro Perez, Julious Cruz, Cayla Aguilar and Cristian Aguilar. Since the beginning of the school year we have grown as a group and learned to play better together and to help each other. Many of your children are growing academically and expanding their minds through the power of reading. Every day after snack, we sit down as a group and read individually for 20 minutes. Although initially the kids made a big fuss about having to read, they have come to enjoy being able to sit down and dive into a book and finish it. It brings them such a sense of accomplishment and we are so excited at the satisfaction they get at the fact they get to pick out and start a new book. We are hoping to help out all of your children to continue to expand their minds through the many activities we will soon be introducing, which include more games that require thought instead of just fun. We do love our fun time though. Many of the children have discovered the "Rock, Paper, Scissors challenge," where you race to the finish line through intense battles of "Rock, Paper, Scissors." A few of the kids who seemed to love that were Luis Angel Ortiz, Shahany Ortiz, and Dillon Curry. We still continue to play traditional games such as "Knock Out," soccer, basketball, dodgeball and many more that Pedro Perez, Benji Castaneda and Jayden Castaneda enjoy. As we have the gameroom available for use, many of our kids love to hang out in there and play bumper pool, such as Jack Gillespie, Jonathan Martinez, Cristian Aguilar and Tyler Upchurch. Some of the kids are trying to beef up their ping pong skills, in hopes to be able to beat our leaders in a few games. Luis Cuzco, Darren Rodriguez and Julious Cruz all enjoy battling each other in foosball. Many of our children enjoy card games such as "Uno," "Garbage," and "Spot It" are among the few games that Hayden Gomez-Duet, Arisara Sreewichai, Marisa Upchurch, Jadebella Martinez, Cayla Aguilar, and Sarah Rene get excited to play. We have a few bookworms, Izzy Marrero, Kimberly Cuzco, and Luc Baldwin, who take the gameroom time to hang out in our Blue Room and read the rotation away. Avaliese Mateo and Roxy Bailenson are still hooked on the slime craze and love to make and mold their slime to try to improve and perfect their mix. While many of the kids enjoy the indoor activities when it's cold out Charlie Logan-Reynolds and Steven Rene enjoy the outdoors and being able to go out and play some good old fashioned football. Some of our older girls, Peyton Marrero and Ashley West, are becoming much more responsible and love helping our leaders clean up at the end of the day. We are here to enjoy the company of all of your children and we hope that we can impact their lives in a positive manner to help them build in life. Thank you for being a part of our family and allowing us to be a part of yours. Again, Happy Thanksgiving and enjoy your holiday!

## BATEMAN/CLEVELAND AFTERSCHOOL PROGRAM

We would like to start off by saying how thankful we are to work with your children each and every day. Each child's personality is unique, and together they make a great group kids. We have been very Blessed to work with a school who loves our program. The Staff at Bateman are always so welcoming to us. We would like to Thank Mrs. Davos and her awesome team for their continued support. At Bateman we have access to a variety of locations in and around the building such as: The Multi – Purpose Room, Auditorium, Computer Lab, Library and Playground. Our program has been off to a great start. This year the Afterschool Program at Bateman Elementary School has DOUBLED in size! Every day we pick up 16 kids from Cleveland Elementary School and transport them over to Bateman. In all we have a total of 82 youth members participating. This year we have 3 Staff members on our team. The Staff all play a special role at our program. The kids are excited to have our staff on board and have been building healthy relationships. Each day in program the kids receive a snack

provided by CPS. Once snack is over, we break the kids off into groups based on their grade levels. The Staff, Leaders and L.I.T.'s do a wonderful job making sure all homework is checked for mistakes and completed before the kids have free time. After homework is complete, the youth are able to participate in the scheduled activities for the day. In Session 1, we introduced a variety of different activities to the youth, such as board games, arts & crafts, sports, outside play and computer games. The kids have been adjusting really well to our schedule. They are enjoying the new activities we have introduced this year thus far. Their favorite thing to do is Outdoor play. They love to run around and play a fun game of Soccer. On October 30<sup>th</sup>, we had a Halloween party which turned out to be a complete success. We decorated the Auditorium with Halloween decorations. The parents did an amazing job in providing snacks to go along with the pizza we ordered. We were very thankful for all their help. During our Halloween party we played Musical Chairs, Bucket toss and Freeze Dance. We ended the party by dancing to different Halloween themed songs. On October 31<sup>st</sup>, we enjoyed some treats that were left from our party. We participated in some outdoor play and ended the day off playing in the Computer Lab. There were so many happy faces and so much excitement that these festivities will definitely be ones to remember. We kicked off Session 2 by allowing our L.I.T's and Leaders to plan and run fun Teambuilding games. We want them to feel included in daily activities and be involved as much as possible. We are looking forward to and exciting year full of fun and adventures. We are so happy to have a place where we call our home away from home, and we are even happier to share it with you. We hope you have a wonderful Thanksgiving filled with joy, laughter, love and yummy food. . ## We've Got Spirit

"We raise our poms to raise your spirits!"

The 2018 Cheerleaders are very excited for the 88th Annual Pep Rally & Turkey Bowl. Every practice is different, we work on different skill sets, cheers and routines. This amazing group of girls have been pushing every bone and muscle to prep for their special performance. This year's squad was divided into two groups, the minis and the senior squad. Their hard work throughout the season showed the dedication, effort and passion for the sport. This year, we raised money for new uniforms through a bake sale. Every Friday, we try and introduce all-new cheers and we are proud to say **Xeniyah Delatorre** definitely deserves the golden megaphone award for memorizing the cheers and makes sure she is heard. **Sarah Rene** brings in the sass when we're out on the fields, she's truly one to watch while we're out there! We learned more arm motions and **Nolis Chatman & Lysandra Hernandez** were the ones to watch as they made sure they were sharp and quick. During this season, our Cheer Captain for the senior squad was **Aaliyah Barajas** and for the Minis was **Charlotte Eickhoff**, as they stepped up and helped each girl in the squad whenever they needed it. **Jocelyn Santana & Hayden Gomez-Duet** are definitely Cheer Coaches in the making. They are always ready to help out the Cheer Coaches and is always ready to help direct the squad. Those who came eager to learn and had a really positive attitude during practice were **Kimberly Hernandez & Sebina Ritte**. Having to cheer as loud as you can while coordinating your movements is surely a skill possessed by **Rosalyn Bailenson & Niyah Smith**. On stunt days, we had our star-flyers stand out, **Natalia Lujan, Jane Wunder & Mia Martinez**, but you can't have a pyramid without your strong bases, **Shahany Ortiz & Isabella Fensin** and your supportive spotters, **Reese Popowich & Nauddya Nichols**. We've done multiple gymnastics moves, such as cartwheels and handstands. All of the girls did a great job, but **Olivia Torres** stood out since she was most improved in learning new tricks. Working on our routine, the girls found it very easy despite all of the changes made, **Bella Cruz & Emma Ries** really found their rhythm and made the dance their own. In all, the Spirit Award was voted for **Jazmin Santana** for always having her 'spirit in her heart' every practice and the Sportsmanship Award goes to **Jorja Boyd** for always having a cheerful attitude and a smile on her face. This Cheer season was great and is definitely one to remember. Special thanks to **Ashley Lopez, Alana Finch and Peyton Marrero** for her help throughout the season.

### COONLEY AFTERSCHOOL PROGRAM

*"Teamwork makes the dreamwork"*

The holidays are near and the staff at Coonley Elementary are grateful to be surrounded by wonderful families. **Shakila** would like to say thank you for allowing us the opportunity to care for your children. With over 200 kids enrolled we are always thrilled to learn new things about each and every one of them. The memories that we share is something we cherish and look forward to help create daily. For the past few weeks the kindergarteners have been busy exploring, playing, and showing off some of their awesome abilities. As soon as the kids start arriving after a long day of school they have a chance to unwind at our activity table during snack time. We have a group of kids that love to build some fantastic creations ranging from towers, to planes, and even rocket ships! We also have a few artists in the group as well who aren't shy in showing off their amazing drawing skills every day at the art station. As soon as snack is over and the kids are finished drawing and building, it's time for them to get their homework done so they can play outside with all of the other kids. There is no end to the possibilities of what games we play whether it be on the playground or on the field. Some crowd favorites include tag, hide and seek, or a silly game we made up called monster chase where one of the leaders or staff plays a monster and the kids try to get away! On Friday, we have a special schedule that all of the kids really enjoy where they have a choice to either do a craft with Sandy or watch a movie. At the end of the day, as all of the kids start to leave, we all say our goodbyes knowing that we are going to see each other again for another day of fun. As the holidays approach, Kindergartners **Wells, Vera, Rachel, Jack, Trey, Max C, Violet, Finnegan, Gwendolyn, Elsa, Mila, Noah, Frank, Audrey, Joel, Claudia, Maximo, Claire, Adelaide Maeve, Danny, Lily, Max P, Sophia, Michael, Eleanor, Oliver, Olivia, Akira, Elijah, Caleb, Amayah, Kendall, Collin** and staff in charge **Julianna H and Quavy F** wish you a wonderful break and Thanksgiving!

Our program has grown so much over the past few years and it's because of you! The parents that have chosen to entrust us with your children and the children who make every day an adventure and a blessing, these are who have made us so successful and for that we thank you. Over the past few weeks we have been preparing for the Thanksgiving holiday at Coonley, as well as, at the club on our days off. The lead Staff, **Ashlee & Priscilla** and the first and second graders at Coonley **Jude, Benji, Jonathan, Max, Bennett, Cameron, Frank, Miles, Xiomara, Hazel, Milana, Vivian, Parker, Dahlia, Ziya, Skyla, Hazen, Annisa, Elliot, Nick, Alex, Jack, L., Rocco, Chris, Sid, Patrick, Sally, Harlowe, Grant, Eamon, Reese, Milo, Amelia, Harold, Ella, Jack S., Jacob, Lucille, Sam, Alexa, Peighton, Lincoln, Jane, Brandon, Sofia, Quinn, Isabella, Isaiah, Jack B., Henry, Axel, Lara, Noah, Elise, Harper, Nate, Graham, Ola, Annabelle, Amelia H., Elijah, Carmen, Leo J., Cooper, Andrew, Oliver, Rae, Ellie, Gabe, Lido, Everett, Hayden, Ryan, Sylvia, Kylie and Violet** would like to wish you a safe and amazing Thanksgiving.

This fall has been full of fun adventures for the 3rd and up group at the Coonley afterschool program. The warm fall temperatures have allowed for us to go outside and the kids love going to the playground or the field to participate in various group activities. A vast majority are locked into an everlasting game of football. Everyday **Aiden, Angel, or Mikayla** take the initiative to ask a staff if they can be the one who goes and gets the equipment from the storage room. The game is very competitive but with good sportsmanship on both sides. After one spectacular throw and catch from two of the Barrett brothers - **Ben and Zack. Malcolm A** who was defending the pass exclaimed "Wow that catch looked like Odell Beckham". When the group has been confined indoors when the weather gets too cold to go outside we have been doing various crafts with **Sandy** and playing games inside. When asked about a favorite crafting activity **Morgan** really liked when we made Day of the Dead Masks she would go on to say "it was interesting to do a craft while learning about a different culture." One of the favorite indoor activities is playing uno there has been a game that starts when **Anna B** signs in with others jumping in when they sign in until it is time go over the announcements but between me and you the game goes on until the kids are dismissed to go outside or to the gym. These kids are always full of energy and ready to tackle any activity we throw at them I am so excited to see what is in store for the rest of the school year!

The 3<sup>rd</sup>-8<sup>th</sup> grade group at Coonley and the lead staff **Sandy D, Zach B and Alex M** would like to wish the NBGC family best wishes on this cool Thanksgiving. **Isabel, Malcolm, Ade, Zachary, Grant, Grace, Luke, Eleri, Samantha, Hazel, Liam, Henry Camille, Nicholas, Klea, Sofie, Stephen, Haroun, Owen, Sophia, Luca, Malcolm, Isaac, Alan, Liam, Augusto, Hina, Anvi, Olivia, Dagny, Mira, Noah, Maya, Julien, Oliver, Nolis, Mazlin, Ava, Aiden, Sasha, Oren, Georgia, Roman, William, Ryan, Emma, Mia, Leo, Teddy, Cayden, Langston, Alex, Henry, Sydney, Daniella, Mia, Clair, Sullivan, Claire, Alex, Morgan, Daniel, Benjamin, Anna, Paulo, Theodore, Brigitte, Fredrick, Mason, Avra, Leah, Sebastian, Nayeli, Bryson, Alexander, Ana, Gigi, Marcus, Luke, Elsie, Damon, Mikayla, Cassidy, Nick, Elizabeth, August, George, Elyanna, Angel, Luca, Rahul, Abby and Sophia .**

# TURKEY TOSS RESULTS

We had a great turnout for the annual *Parent & Son/Daughter Turkey Toss*. Teams of parents and sons/daughters took turns throwing darts at paper turkey targets. There were some great scores, but most importantly there was a lot of fun! The winners are listed below. The high scores in each group received a gift card for a turkey for Thanksgiving dinner. **Congratulations to the winner and to everyone who participated!**

**THIS FALL SEASON WAS**

Sunny & Warm, Rainy & Windy, Snow & Sleet

Thank You for a GREAT SEASON!

**In Honor of Paul Goerner, Sr.**

“Trees provide us with many benefits necessary for survival, including clean air, filtered water, shade and food. They also give us hope and insight and courage to persevere –even in the harshest conditions. Trees teach us to stay rooted while soaring to great new heights.”

While reading this, it summarizes perfectly the message I am trying to portray. On Tuesday, November 20, 2018 a tree was planted in memory and honor of Paul Goerner Sr. We lost our dad on June 16, 2013. He was such a valuable part of our family and he will forever be missed. He was also a valuable part of the NBGC family and so we could not be happier that a London Plane tree was planted in his honor, in the circular retaining wall in front of NBGC.

If you go back and read the quote but replace trees with “my dad” it is very fitting. My dad was a provider, he gave us hope and insight, and taught us how to soar to great new heights. He was a great role model to all. We could not be happier that this tree was planted in his honor, in a place that was very near and dear to him. A place that dedicates themselves to youth development.

May this tree represent him, and may this tree continue to grow to become a canopy and protector for the place that plays an instrumental role in the Goerner/Groh family. And may my dad continue to look over NBGC.

Many thanks to the Chicago Park District for making this possible. - The Goerner / Groh Family
